# about SMART

since 1976, SMART central vacuum systems has been a leader in the manufacture and distribution of quality central vacuum systems.

today, SMART products are in healthy homes in North America, Europe, Africa and as far away as New Zealand. to maintain its enviable position as the market leader, the company has accelerated its research and development initiatives, and continually strives to improve product, quality and innovation.

as a result, SMART central vacuum systems consistently exceed customer expectations — delivering excellent value and service at competitive prices.
